

Guide to UNLV Resources for the Community

UNLV | Office of
COMMUNITY
ENGAGEMENT

Dear Friends,

Since 1957, UNLV has been an integral part of the growth and prosperity of the community, and has helped improve the quality of life for all Southern Nevadans. Along the way, our urban university has become an indispensable resource in one of the country's fastest-growing and most enterprising cities.

UNLV is an excellent academic institution that also has been named one of the top research universities in the nation. We produce amazing graduates each year who bring their expertise to our community as vital members of our workforce. But, we offer far more than traditional college classes and degrees.

Both of our campuses – the 330-acre main campus located along Maryland Parkway and the Shadow Lane campus located in the heart of the Las Vegas Medical District – offer a wide variety of important services and programs that benefit all, including businesses, agencies, organizations, and, of course, individuals. As an example, the Nevada Small Business Development Center is a resource for business entrepreneurs and provides services, expertise, and training.

We invite you to utilize and enjoy all of these offerings, as they have been created for you – the Southern Nevada community. It is in fact, why this Guide to UNLV Resources for the Community was developed. It is your connection to literally hundreds of resources specifically designed to meet your needs. From arts to youth programs, UNLV provides benefits for every age and interest. The campus also provides a rich array of cultural offerings and many exciting athletic events.

All of us at UNLV are proud to serve the needs of our community. After all, UNLV is a dedicated and committed public university, and our offerings were developed with your needs in mind. We welcome you to take full advantage of these opportunities. I hope to see you on campus soon!

Sincerely,

A handwritten signature in black ink that reads "Keith E. Whitfield". The signature is written in a cursive, flowing style.

A Message from the Office of Community Engagement

At UNLV, we consider partnership to be integral to the success of both our campus and our community. The UNLV Office of Community Engagement was created for this reason — to help support, facilitate, and promote collaboration, partnership, and engagement between the university and its many communities.

We hope you find this guide useful. It is the combined work of the Office of Community Engagement and the UNLV Community Engagement Council, and it was designed to increase awareness of the many services and programs we offer to our community. Many thanks to our council members for their contributions to the content of this guide.

The university is a wonderful community resource, and we hope you will take advantage of the many opportunities you see here.

Sincerely,
UNLV Office of Community Engagement

UNLV is a proud recipient of the [2020 Carnegie Community Engagement Classification](#), a national distinction honoring the university for its exemplary community engagement practices. UNLV was one of only 119 institutions to receive this classification in 2020.

PARTNER WITH US

- Do you need someone to conduct research, gather data, identify issues, collect feedback, and/or analyze results?
- Would your organization benefit from a presentation highlighting UNLV's many offerings for the community?
- How might an intern help you balance and/or meet the needs of your work environment?
- Do you need a guest speaker, panelist, subject matter expert, or workshop facilitator?
- Does your organization have a project it has been putting off due to lack of time, talent, and/or resources?

Leverage our talent, and allow us to leverage yours. The possibilities of what we can achieve together are endless. The Office of Community Engagement can guide you to the right resources, expertise, services, and programs to attain your goals.
