### Academic Resources

#### Honors Writing Center Consultants: Strengthen Your Pen

Honors students have access to high-level Honors Writing Consultants, all of whom are graduate students in literature and writing. Bring your essays for a second look, brainstorm your topic and arguments, get help with formatting, and much more.

#### Personalized Advising: Carve Your Path

Honors advisors are here to help you carve your path through college and the Honors curriculum. We partner and collaborate with your major advisor to keep you on track for graduation.

#### Disability Resource Center (DRC): Accessibility

The DRC is committed to supporting students with disabilities at UNLV through the appropriate use of advocacy, accommodations, and supportive services to ensure access to campus courses, services, and activities.

#### GPA Calculator: Keep Track of Your Grades

Always have the pulse on your GPA. Using UNLV's online tool, you can calculate your GPA, while our advisors can use our Honors GPA calculator to determine the exact grades you need to succeed, as well as how retaking classes may effect your GPA.

#### Academic Success Center (ASC): Get Help When You Need It

As an Honors student, you're striving for your own "gold medal" – be it a specific graduate program, a career, a lifestyle, or maybe just a good GPA. Why not take a cue from Olympians? Take advantage of the coaching and support offered by the ASC. Attend the ASC's many tutoring labs in a variety of subjects. Get guidance and support from an experienced Academic Success coach. Or try out Supplemental Instruction - semester-long study groups led by students who recently passed a historically difficult course. The ASC will guide you every step of the way to the many established resources created to ensure you complete your educational goals.
