

UNLV Radiography Program Clinical Obligations

Clinical Information

Clinical education is a vital component in the training of a Technologist. The UNLV Radiography Program affiliates with acute care hospitals and outpatient imaging centers to provide a robust clinical education. UNLV faculty will assign students to clinical sites that provide a wide range of procedures.

Clinical placement is solely determined by the Program and it is the student's responsibility to procure transportation to and from their clinical assignments.

Clinical Guidelines

Clinical assignments include:

- 24 hours per week during the Fall II and Spring II semesters
- 40 hours per week during Summer I and Summer II semesters
- A minimum of 80 hours of a shift ending at or after 7:00pm.
- May be scheduled Monday-Sunday between 6:00am-9:30pm.
