## Directions

1. **ONLY SOLID BIOHAZARDOUS WASTE** is allowed in biohazard bags. **DO NOT PLACE FREE FLOWING LIQUID** in biohazard bags.
2. **AUTOCLAVE** any infectious/pathogenic material before bringing to the SAA or requesting a waste pickup.
3. Biohazardous waste bags must be tied off before disposal.
4. All sharps (needles, syringes, scalpels, razors, microtome blades, glass pipettes, slides and cover slips, plastic pipettes, pipette tips, broken glass) or any object that will puncture a biohazard bag must be placed in a sharps container.
5. Take the labeled biohazardous waste bag to the building SAA for pickup or fill out the Hazardous Waste Disposal Request online.

4505 S. Maryland Parkway Las Vegas, NV 89154

**State and Federal laws prohibit improper disposal.
